

6 x 6 copy the staircase

Page 1 - Blank finder sheet

Columns: left to right. Rows: top to bottom. Coordinates name cells.

Example: B1 is the second cell from the left in the top row.

	A	B	C	D	E	F
1						
2						
3						
4						
5						
6						

6 columns x 6 rows. Only the outlined area is used.

Listen to the caller and repeat each instruction.

Mark inside the cells. Check with the answer after the round.

Keep the answer page out of the finder's view until the round ends.

Print on matching paper at Actual size / 100%. Turn off Fit or Shrink.

Scale check: 4 adjacent grid spaces = 40 mm. Measure after printing.

US Letter: 8.5 x 11 in | Portrait | 10 mm grid | 0.5 pt lines

6 x 6 copy the staircase

Page 2 - Teacher answer / caller card

Columns: left to right. Rows: top to bottom. Coordinates name cells.

Example: B1 is the second cell from the left in the top row.

	A	B	C	D	E	F
1						
2						
3						
4						
5						
6						

6 columns x 6 rows. Only the outlined area is used.

Caller: describe one row at a time, from row 1 to row 6.

Finder: shade the named cells. Leave every other cell empty.

Row 1: A. Row 2: A, B. Row 3: B, C.

Row 4: C, D. Row 5: D, E. Row 6: E, F.

Answer: 11 shaded cells. All other cells are empty.

Print on matching paper at Actual size / 100%. Turn off Fit or Shrink.

Scale check: 4 adjacent grid spaces = 40 mm. Measure after printing.

US Letter: 8.5 x 11 in | Portrait | 10 mm grid | 0.5 pt lines
